Pendants

The Original Series

Custom tailored with a range of creative shape and finish choices

Endless customization possibilities

The different shapes can be adjusted with diverse colors and textures to obtain as a result a striking statement. Transparent textures can magically create a remarkable glow effect that beautifies the look of the luminaire and adds an enchanted touch to the decoration.

Keep a cohesive design theme

The combination of multiple Original pendants can work as a piece of contemporary art matching the color and aesthetics with the desired interior style. Becoming a beautiful mixture acting as fundamental pieces of the overall decoration.

Diverse models and sizes

The family is composed for three stylish light pendants all customizable and available in medium and large sizes.

The Original one

The Original two

The Original three

The uniqueness of 3D-printed Original series

Our advanced 3D printing technology allows us to produce luminaires at a high speed and with a variety of complex shapes for any interior. All our luminaires are printed in the Netherlands and they can be tailored to your exact needs and recycled at the end of their life, supporting a circular economy.

Sticking silhouettes for small and large environments

Weather is a large space or a more intimate environment when mixing Original's shades with fine or vertical lines textures can create the perfect blend for an elegant and volumetric atmosphere while calling the attention to different sitting areas.
